*“the Melancholy news . . . that General Gages troops had fired on our Contrymen”*

## The Diary of Matthew Patten of New Hampshire, 1775-1776

### SELECTIONS

Matthew Patten came to America from Ireland in 1728 with his Scotch-Irish family. Appointed in his early thirties as a probate judge for Hillsborough County, New Hampshire (and later as a justice of the peace), he regularly noted his judicial business in his diary along with farming records and family affairs. His entry for April 20, 1775, records the “melancholy news” of the Battle of Lexington and Concord on the previous day. He soon became a member of the county’s Committee of Safety to prepare for the coming war and records its prosecution of Loyalists. In May 1776 he learned that his son, John, had died of smallpox while fighting in Canada with the Continental Army.

For Patten, his diary was not a place to work out his thinking on the issues of the day or record his emotional ups and downs. It was simply a bare-bones documentation of his daily activities. Thus the drama of the moment is muted. We can get at the passion of those days in Bedford only through our imaginations. What was said at the town meeting? What emotions would lead a band of farmers to confront a professional army? What must it have been like to see your son and those of your neighbors march off to confront the British?

<sup>1</sup> Rev. John Houston, pastor of the Presbyterian church of Bedford, preached loyalty to Britain and was dismissed soon after the Battle of Lexington and Concord. "The meeting, which was called for the 16th of May, voted to shut the doors of the church against the pastor, and to stop the payment of his salary till he should come to a sense of his duty. Mr. Houston made a statement of his position to the town, but it was declared to be unsatisfactory. On the 15th of June, 1775, the town voted his dismissal, and adopted a strong resolution condemning his course." The Town of Bedford, *History of Bedford, New Hampshire from 1737* . . . , (Concord, NH: Rumford, 1903), p. 288.

<sup>2</sup> Perhaps "gaol" or jail. Nature of this entry is undetermined. It is recorded that "a special town meeting held 22 May, 1775, was the last one called in 'His Majesty's' name in Amherst. The constables were simply directed by the selectmen [delegates, including Patten] to warn the inhabitants of the town of Amherst to the next meeting, held 14 August, 1775." Daniel F. Secomb, *History of the Town of Amherst, Hillsborough County, New Hampshire* (Concord: Evans, Sleeper & Woodbury: 1883), p. 380.
